Conference format

Qubes OS 2023 Summit is all about flexibility and inclusiveness. We're seeking speakers who can **join us physically in Berlin or virtually from anywhere in the world**. This hybrid format ensures that the event will be live-streamed, allowing

everyone to participate simultaneously, whether they're at the venue or online. Don't miss the chance to be part of this forward-looking conference!

Schedule

You can access the summit schedule by visiting the [following link](#). This will provide you with a detailed agenda, session information, and timing.

Date

The Qubes OS Summit 2023 will be held from **October 6th to 8th**, offering three days of intensive exploration into the world of secure computing and digital privacy.

The summit officially starts at 10 AM, but we kindly request that you arrive at the venue by 9:30 AM. This will allow you some extra time to register, network with fellow attendees, and get comfortably settled before the event kicks off.

Add events to your calendar!

Venue

Once again Qubes OS 2023 Summit comes to the vibrant city of Berlin. This year event will take place in **The Social Hub Berlin, Alexanderstraße 40, 10179 Berlin**. For details look [map](#) below.

Tickets

On-site Qubes Pass

Experience the Qubes OS Summit 2023 in person with the On-site Qubes Pass. **Join us at the event venue in Berlin** for a hands-on, immersive experience. Engage with experts, attend presentations, workshops, and network with fellow attendees in an environment buzzing with cybersecurity and digital privacy discussions. Be at the heart of the action! **Book only if you will join us in Berlin.**

Virtual Qubes Pass

Joining us online doesn't require you to have a Virtual Qubes Pass. By leaving us your email address when you register, you will sign up for the Qubes Summit newsletter, where you will receive important information about the event, including any updates and changes. We will also provide early access to recordings and presentation materials directly to your inbox. Immerse yourself in the world of cybersecurity and digital privacy from **the comfort of your own space** with the Virtual Qubes Pass. Stay connected to the cutting-edge developments in secure computing, no matter where you are in the world.

Code of Conduct

This event is covered by the Qubes OS project [Code of Conduct](#). If you have any questions or concerns, please reach out to the event organizers or via email with the CoC team.

Sponsorship

Empower the Qubes OS Summit 2023 with your sponsorship. Make an impact today - [schedule a call](#) or contact us via email at events@3mdeb.com.
